INDIAN INSTITUTE OF TECHNOLOGY KANPUR

PO: IIT Kanpur, 208 016, Uttar Pradesh, India

OFFICE OF THE DEAN OF ACADEMIC AFFAIRS

No. AGRIM/2026/01-A

Date: October 27, 2026

Guidelines for Award for Graduate Research Impact and Merit (AGRIM) Grant

1. Core Concept & Purpose

The IITK AGRIM (Award for Graduate Research Impact and Merit) Grant is an institutional recognition scheme designed to reward research excellence in the early or mid phase of PhD.

Unlike standard travel allowances or post-thesis awards, AGRIM targets early-to-mid tenure doctoral scholars. IITK AGRIM Grant is a **one-time, merit-based award with grant value of up to ₹1,00,000**. This grant is over and above the standard conference travel grant and is non-renewable and non-transferable. Additionally, this grant is non-retrospective, i.e., it is effective from the date of issuing this office order.

2. Permitted Uses of the Grant

The AGRIM Grant must be utilized for high-impact academic and research activities. It can be spent across the following approved categories:

Category A: International Academic Exposure

- Conference, Workshop, or Symposium Registration Fees
- Round-trip International Travel & Visa Processing Fees
- Travel Insurance & Accommodation Expenses
- Summer / Winter School Fees

Category B: Research & Exchange Visits

- Foreign / Indian Host Institution Semester Exchange
- Research Internships
- Joint Degree Programme (JDP) Mobility Visits

> **Rules of Utilization:** All expenses must receive prior written endorsement from your thesis supervisor. Final reimbursements and processing are governed by the prevailing IIT Kanpur Travel Guidelines.

3. Mandatory Eligibility Checklist

Before preparing an application, verify that you satisfy every single condition listed below:

- **Student Status:** You are a regular, full-time registered PhD scholar at IIT Kanpur. [Note: PMRF scholars (past or present) are not eligible for AGRIM].
- **Coursework Timeline:** Applicants must have completed all prescribed coursework in accordance with Clause 7.1 of the P.G. Manual, from the applicable initial registration date, without dropping any registered course during a regular semester. For regular PhD scholars, the initial PhD registration date shall be considered. For students converting from the MSR/MTech programme to the PhD programme, the initial registration date in the MSR/MTech programme shall be considered. The same coursework completion

requirement shall apply to M.Sc.-Ph.D. (MSPD) and Integrated Ph.D. scholars, with reference to their initial registration date in the PhD programme.

- **Academic Milestones:** You have successfully passed both your Comprehensive Examination and State-of-the-Art (SoTA) Seminar within the prescribed timelines stipulated in the PG Manual, with no more than one approved extension being granted for the two milestones taken together.
- **Tenure Window:** Applications for AGRIM must be submitted before the completion of five years from the date of first PhD registration or before thesis submission, whichever is earlier. This applies equally to scholars who have converted from other programmes to the PhD programme. Periods of approved medical leave, where applicable, shall be excluded from the five-year eligibility period.
- **Requirements:** The applicant shall fulfill all other documentary and procedural requirements prescribed by the Institute/Competent Authority from time to time.
- **Prior Award History:** AGRIM is a one-time institutional grant of up to ₹1,00,000 per doctoral scholar. Scholars who have not fully utilized the admissible amount may apply in a subsequent cycle for the unutilized balance, subject to eligibility conditions and approval, by submitting an updated utilization plan and written endorsement from the thesis supervisor through the standard application procedure. Scholars who have fully utilized the grant shall not be eligible to reapply.

4. Detailed Scoring Matrix (100 Marks Total)

Applications are evaluated using a strict 100-mark selection matrix. **You must score at least 80 out of 100 marks to qualify for consideration**.

> **Formula:** Total Evaluation Score (100 Marks) = Academic Score (Max 50) + Research Output Score (Max 50)

Part A: Academic Performance (Maximum 50 Marks)

Your academic performance is calculated directly from your Cumulative Performance Index (CPI) appearing on your transcript:

Academic Marks = 5 × CPI

- Example: A CPI of 8.40 yields 5 × 8.40 = 42 marks.

Part B: Research Output (Maximum 50 Marks)

Research output is rated in distinct tiers based on work done at IIT Kanpur. Please see the Appendix for more details.

> **Critical Rule (Non-Cumulative Scoring):** If you meet the criteria for multiple tiers, you receive marks only for the single highest tier achieved. Marks from different tiers cannot be added together.

Tier	Output Type	Awarded Marks	Verification Proof Needed
Tier 1	Granted Patent(s) with ≥25% personal contribution	50 Marks	Official Patent Grant Certificate + Contribution Certificate
Tier 2	≥1 Accepted/Published Preferably First-Author	40 Marks	Official Publication Link / DOI

	Research Paper (Q1/Q2)		
Tier 3	≥1 Accepted/Published Preferably First-Author Research Paper (Q3/Q4)	25 Marks	Official Publication Link / DOI
Tier 4	≥1 Preferably First-Author Submitted Research Paper in Scopus-indexed Journal	10 Marks	Submission Acknowledgement & Official Manuscript ID

Strict Paper Requirements:

- **Authorship:** The student is preferably the first author.
- **Exclusion of Reviews:** Published review papers, literature surveys, and book reviews are strictly excluded.
- **IITK Affiliation:** The research output must originate from work conducted at IIT Kanpur.

5. Qualifying Score Threshold Analysis (The 80-Mark Cut-Off)

Because research scoring is non-cumulative, the minimum threshold of 80 marks creates clear criteria for eligibility:

Path	Research Marks	Required CPI to reach 80
Path 1: Preferably First-Author Research Paper (Q1/Q2)	40 Marks	CPI ≥ 8.00 (5 × 8.00 = 40) → Total 80
Path 2: Granted Patent with ≥25% personal contribution	50 Marks	CPI ≥ 6.00 (5 × 6.00 = 30) → Total 80

6. Application Process & Governance Workflow

Step 1: Self-Audit Eligibility

Verify your CPI and publication status. Calculate your score: Total Score = (5 × CPI) + Research Tier Marks. Proceed only if your score is ≥80, your PhD registration duration is under 5 years, your coursework, Comprehensive Exam, and SOTA milestones are cleared, and you have not yet submitted the PhD thesis.

Step 2: Compile Mandatory Evidence

- Prepare supporting documents. Collect the following documents into a single PDF bundle:
- Official Transcript: Showing CPI as on the date of application.
- Milestone Proof: Clearance dates for Coursework, Comprehensive Exam, and SOTA Seminar.
- Research Proof: DOI link / paper PDF for Q1/Q2 publications, OR Patent Certificate + 25% contribution proof.

Step 3: Supervisor Endorsement

Obtain formal recommendation. Fill out the prescribed AGRIM Grant Application Form. Obtain the signature and written endorsement of your PhD supervisor outlining the proposed utilization of the grant.

Step 4: Submission & Selection Committee Review

Administrative processing. Submit the complete dossier to the Office of Dean of Academic Affairs (DOAA). Applications are evaluated by the Selection Committee, comprising the Dean of Academic Affairs (Convener),

Associate Dean of Academic Affairs (Member), SPGC Chairperson (Member), SUGC Chairperson (Member), and the President, Students' Gymkhana, or his/her nominee (Member).

Step 5: Sanction & Disbursement

Post-approval execution. Upon committee selection and approval, the DOAA issues an official sanction letter. Grant utilization follows standard IITK travel claim reimbursement and advance rules.

> **Note:** Always refer to the latest official Office Order and Annexure from DOAA, IIT Kanpur for final verification before applying.

This office order supersedes the earlier order No. AGRIM/2026/01 dated September 24, 2026.

Appendix for Graduate Research Impact and Merit (AGRIM) Grant

Appendix: Department-wise Journal and Conference Mapping (As on October 12, 2026)

This appendix lists department-specific journals, conferences, and equivalent quality benchmarks recognized for the purpose of the Research Output score (Section 4, Part B) and the Q1/Q2 and Q3/Q4 classifications referred to throughout these guidelines. For the purpose of eligibility, only full-length papers published in peer-reviewed conference proceedings shall be considered. Conference abstracts, extended abstracts, presentation/poser only abstracts, and similar submissions shall not be considered.

The list is compiled on the recommendation of the respective Departments and will be augmented department-wise as further input is received. Where a department is marked "To be updated," applicants from that department should refer to the general criteria in Section 4 until department-specific guidance is issued by the department concerned.

Department	Equivalence Mapping research output to Journals (Quality Tier)
AE	High Speed Vehicle Science and Technology (HiSST) (Q2) International symposium on shock waves (ISSW) (Q1) AIAA Hypersonic Space Plane and Technology Conference (Q2) International Symposium on Combustion (ISOC) (Q1) Mediterranean Combustion Symposium (MCS) (Q2) European Combustion Meeting (ECM) (Q2) International Colloquium on the Dynamics of Explosions and Reactive Systems (ICDERS) (Q1) International Symposium on Fire Safety Science (IAFSS) (Q2) Asia-Pacific Conference on Combustion (ASPACC) (Q2) US National Combustion Meeting (USNCM) (Q2) European Symposium on Fire Safety Science (ESFSS) (Q2) Asia-Oceania Symposium on Fire Science and Technology (AOSFST) (Q2) International Conference and Exhibition on Fire Science and Engineering (Interflam) (Q2) International Fire Safety Symposium (IFireSS) (Q1) International Conference on Forest Fire Research (ICFFR) (Q2) International Fire Behaviour and Fuels Conference (Q2) International Wildland Fire Safety Summit (Q2/Q3) International Conference on Combustion and Energy Utilization (ICCEU) (Q2) International Conference on Numerical Combustion (ICNC) (Q2/Q3) International Conference on Chemical Kinetics (ICCK) (Q2) International Conference on Combustion Technologies for a Clean Environment – CleanAir (Q2) ASME TurboExpo (Q2) AIAA Hypersonics (Q1) AIAA Propulsion and Energy Forum (Q1) AIAA SCITECH (Q1) AIAA Aviation (Q1) AIAA/CEAS Aeroacoustics Conference (Q1) International Symposium on Turbulence and Shear Flow Phenomena (TSFP) (Q1) International Congress of Theoretical and Applied Mechanics (ICTAM) (Q1)

HSS	***Fine Arts***

	Books and book chapters published by well-accepted publishers should also be a part of the evaluation criteria. In the case of Fine Arts, international artist residencies should be considered. Exhibitions and curatorial projects, in which the participant must be invited/sponsored/funded by established galleries or institutions, should be considered. Publications in Q3, Q4 and Scopus-indexed journals may be considered. ***<u>Sociology</u>*** Publications in Q1, Q2, Q3 and Q4 journals may be considered In addition, discipline-specific forms of scholarly equivalence with these journal categories may also be considered. If a student has chapter (s) in books published by reputed publishing houses (such as, University Presses, Routledge, Sage, Springer, Edward Elgar), they may be considered. ***<u>Philosophy</u>*** A peer-reviewed book chapter (or an essay/paper in a collection/anthology) should be considered equivalent to a Q1/Q2 journal article. Acceptable sources include, a verifiable official publication link or Digital Object Identifier (DOI); scholarly monographs published by recognised academic presses; peer-reviewed book chapters or review articles from established academic publishers (such as University Presses or major scholarly publishers); and formally peer-reviewed, indexed conference proceedings. Publications in Q2, Q3, and Q4 journals, as well as any publication in a Scopus-indexed journal, may also be considered. ***<u>Psychology</u>*** DOAA's Points 1 and 2 are agreed upon, with the key exception that the journal Qualitative Inquiry should be explicitly included for the award, as it is a foundational journal. Research monographs published with internationally reputed academic presses should be considered equivalent to Q1 publications, although such monographs are rarely published during PhD tenure. Publication in Q1, Q2, Q3, and Q4 journals, as well as book chapters published by well-recognised publishers, may be considered. **<u>English Literature and Linguistics</u>** It is recommended to consider book chapters published by internationally recognised publishers. The discipline has recommended the following journal lists: • Framework: The Journal of Cinema and Media, Wayne State University Press, Q1/Q2 • Discourse: Journal for Theoretical Studies in Media and Culture, Wayne State University Press, Q1/Q2 • Jump Cut: A Review of Contemporary Media, Q1/Q2 • SYNOPTIQUE, Concordia University's School of Cinema, Q3/Q4 • Research in Film and History, University of Bremen, Q1/Q2 • Journal of the Moving Image, Jadavpur University, Q1/Q2 • Southbound Review, Q1/Q2

	• Foundation: The International Review of Science Fiction, Q1/Q2 • Journal of the Fantastic in the Arts, Q1/Q2 • Fafnir: Nordic Journal of SF and Fantasy Research, Q1/Q2 • Femspec, Q1/Q2 • MOSF Journal of Science Fiction, Q1/Q2 • SFRA Review, Q1/Q2 • Contemporary Voices of Dalit, Q1/Q2 • Caste: A Global Journal on Social Exclusion, Q1/Q2 • Indian Literature, Q1/Q2 • Asian Literature and Translation, Q1/Q2 • Journal of Urdu Studies, Q1/Q2 • IACLALS Journal, Q1/Q2 • Sahitya, Comparative Literature Association of India, Q1/Q2 • Journal of Historical Fiction, Q1/Q2 • Journal of Comparative Literature and Aesthetics, Q1/Q2 • Bhāṣā: Journal of South Asian Linguistics, Philology and Grammatical Traditions, Venice University Press, Q1/Q2 • Journal of the American Oriental Society, Q1/Q2 • Indo-Iranian Journal, Brill, Q1/Q2 • Old World: Journal of Ancient Africa and Eurasia, Brill / BNU-HKBU RCHC, Q1/Q2 • Acta Orientalia, Nordic Association for South Asian Studies, Q1/Q2 • Journal of South Asian Languages and Linguistics, De Gruyter, Q1/Q2 • Journal of South Asian Linguistics, Q1/Q2 • Himalayan Linguistics, eScholarship Publishing, University of California, Q1/Q2 • Indian Linguistics, Journal of the Linguistic Society of India, Q1/Q2 • International Journal of Dravidian Linguistics, Journal of the Dravidian Linguistic Society, Q1/Q2 • The Journal of Hindu Studies, Q1/Q2 • Asian Literature and Translation, Cardiff University, Q1/Q2 • Ecozon@: European Journal of Literature, Culture and Environment, University of Alcalá, Spain, Q1/Q2 • Ecocene: Cappadocia Journal of Environmental Humanities, Cappadocia University, Q1/Q2 • Landscapes, Taylor & Francis, Q1/Q2 • Interdisciplinary Literary Studies, Pennsylvania State University, Q1/Q2 • Journal of Posthuman Studies, Pennsylvania State University, Q1 • Journal of Posthumanism, Transnational Press London, Q1 • Bookbird: A Journal of International Children's Literature, International Board on Books for Young People, Q1/Q2 • International Research in Children's Literature, Edinburgh University Press, Q1/Q2 • Journal of Children and Media, Taylor & Francis, Q1/Q2 • Children's Geographies, Taylor & Francis, Q1/Q2
