HUMANITIES & SOCIAL SCIENCES

POST GRADUATE PROGRAM

Website: www.iitk.ac.in/hss

HUMANITIES AND SOCIAL SCIENCES

The Department consists of five major disciplines:

- English
- Fine Arts
- Philosophy
- Psychology
- Sociology

Each of these disciplines has a Ph.D. programme. The Ph.D. programme of the department is committed to producing research work of high quality in theoretical and applied fields and in interdisciplinary areas. Several doctoral dissertations produced in the Department have received encomiums in India and abroad.

POST-GRADUATE PROGRAMMES OFFERED

Ph.D. PROGRAMME

The Ph.D. programme includes both course work and dissertation. The two-semester course work consists of a minimum of six advanced level courses. The courses are designed to enhance the students' knowledge of their own disciplines and to expose them to new areas. After successful completion of the course work, but not later than the fifth semester, a student has to pass the Comprehensive Examination which is a necessary requirement for candidacy into PhD programme. The entire programme is expected to extend over eight to nine semesters. The following are among the important areas of specialization offered by the department.

ENGLISH

LABS/FACILITIES

The Department has full access to the Computer Centre of the Institute. In the Department, there are three academic laboratories. The Language Laboratory is a language teaching and testing laboratory containing 50 booths. The Psychology Laboratory is well equipped for demonstration of various experiments and also has a good collection of psychological tests. The Fine Arts Studio provides facilities to the students to develop their artistic creativity. It has adequate equipment and studio space for this purpose. The Studio has built an infrastructure in the area of design development and design and aesthetics. In addition to these discipline-specific laboratories, the Department also has a general Research Laboratory facility for the administration and execution of sponsored research projects undertaken by the Faculty from time to time. Continuous modernization of the laboratories ensures that these are provided with latest equipment and facilities.

ELIGIBILITY CRITERIA

Eligibility criteria for PhD Admissions in the Humanities and Social Sciences

Applications to the PhD programme in HSS are screened based on a written exam. Candidates who pass the written exam will be called for an interview.

Candidates meeting all the following criteria will be invited to appear for the exam in the discipline to which they have applied.

- A master's and a bachelor's degree in any subject with minimum 55% marks, or a CPI of 5.5 on a 10-point scale, in both

  (or)

  A bachelor's degree in engineering or science (4-year programme) with minimum 75 percent marks or a CPI of 7.5 on a 10-point scale.

- One of the following, unless the applicant's master's degree is from an IIT with a CPI of at least 8*:
  - JRF/NET certification in a relevant discipline. The NET certificate should be valid for 1 year for PhD admissions at the time of application.
  - A valid GATE (Humanities and Social Sciences) score in the discipline

The distribution of marks for the written and viva exams are:

- The cut-off marks for the written exam across disciplines are: GEN/OBC: 60%; EWS/OBC-NCL: 50%; SC/ST/PwD: 40%.
- The weightage for the exam and interview is 60 (Written): 40 (Interview).
- The cut-off marks for the final selection (written examination and interview together) are: GEN/OBC: 60%; EWS/OBC-NCL: 50%; SC/ST/PwD: 40%.

*NET or GATE certification is not required if the applicant's master's degree is from an IIT with a CPI of at least 8 on a 10-point scale.

- You can find the link to the online application portal
