INDIAN INSTITUTE OF TECHNOLOGY, KANPUR
POST GRADUATE OFFICE

No. (P)/SPGC/IITK/2017-18/
October 15, 2018

MINUTES OF THE 13th MEETING OF THE SENATE POSTGRADUATE COMMITTEE (2017-18)

(Date & Time: September 18, 2018 Tuesday, 4:00 pm; Venue: QIP Conference Room, Academic Affairs Building)

Members Present: Drs M Sathish, N Kaistha, S Tripathi, N Gupta (in place of Dr Y S Chauhan) S Khandekar (in place of Dr B Dasgupta), S Vanamalla, P Wahi, S Sivakumar, W Ahmad (in place of Dr S Saha), S Chattopadhyay, A Anand, S Misra, D Kumar, D Goswami and Mr Vineeth V

Members Absent: Drs S Ganguly, M K Ghorai, S Bhattacharjee, G Rajshekhar, B Ateeq, M Das, Mr S Tiwari, Ms N Kapoor

Item 0 Confirmation of Minutes of the twelfth Meeting of SPGC (2017-18) held on August 27, 2018.
The minutes were confirmed.

Item 1 Ratification of Decisions Taken / Approvals Given by Chairperson, SPGC
The SPGC ratified the following decisions taken / approvals given by Chairperson, SPGC:

Ratification Items

(a) Theses submission deadline extension

SNo	*Roll No*	*Name*	*Dep/IDP*	*Due Date*	*Extension till*
01	13106066	Rahul Bhattacharyya	MSE	05/09/2018	05/12/2018
02	13109882	Pritam Kumar Roy	PHY	16/09/2018	01/10/2018

(b) SOTA deadline extension

SNo	*Roll No*	*Name*	*Dept /IDP*	*Due Date*	*Extension till*
01	15215262	Manish Kumar	NET	09/09/2018	09/10/2018
02	16109262	Hukum Singh	PHY	23/09/2018	23/12/2018
03	16105262	Akash Aggarwal	ME	07/09/2018	07/10/2018
04	17103268	Avadh Bhari Narayan	CE	13/09/2018	13/12/2018
05	15202262	Sanjay Jana	CHE	28/09/2018	28/11/2018
06	16100273	Sadhana Naskar	HSS	20/09/2018	05/10/2018

(c) Leave granted on personal / medical grounds

SNo	*Roll No*	*Name*	*Dept*	*Prog*	*Remark*
01	17103061	Nitish Kumar Singh	CE	M Tech	2018-19-I; joining job. DPGC positive.
02	17103079	Ravi Roushan	CE	M Tech	2018-19-I; joining job. DPGC positive.

Item 2 Reporting Item
The SPGC took note of the following reporting item

Withdrawal from the PG program

SNo	*Roll No*	*Name*	*Dept./IDP*	*Program*
01	16112262	Hemant Sehgal	MSP	PhD
02	18112004	Girijesh Prasad	MSP	M Tech
03	18104401	Anand Kumar Rai	EE	MSR
04	18105041	Kanak Singhal	ME	MTech
05	18105025	Chitransh Vipul	ME	MTech
06	18111039	Manish Singh	CSE	M Tech
07	18106004	Anshuman Goyal	MSE	M Tech
08	18104020	Ankush Gautam	EE	MTech
09	18105053	Mohit Kumar Pandey	ME	M Tech
10	18107271	Dipankar Maji	CHM	PhD
11	18105088	Somraj Soni	ME	M Tech
12	18106001	Abinsha Majeed	MSE	M Tech
13	17102001	Abhijeet Anand	ChE	M Tech
14	17103082	Sachin Meena	CE	M Tech

Item 3 Routine Items Requiring SPGC Approval

SPGC granted approval to following routine items with noted specific observations (if any)

(a) New course approval

The SPGC approved following new courses

SNo	*Course No*	*Course Title*	*Credits*	*Proposed by*
01	MTH614	An Introduction to Stochastic Calculus	3-0-0-0-9	Dr S Bhar
01	ME 677	Laser-Aided Manufacturing	3-0-0-0-9	Dr Niraj Sinha

(b) Termination of academic programme under Section 5.7 of the PG Manual

SNo	*Roll No*	*Name*	*Dept*	*Prog*	*Remark*	*SPGC Decision*
01	16102276	Shadman Hasan Khan	CHE	PhD	Unauthorised leave	Termination approved
02	17105028	Anshu Mann Chandra	ME	M Tech	Unauthorised leave	Termination approved
03	16106265	K Krishnaiah Setti	MSE	PhD	Unauthorised leave	Termination approved

The decision shall be reported to the Senate.

(c) Change of academic registration from Full-Time to Part-Time PhD programme.

S No	*Roll No*	*Name*	*Dept*	*Prog*	*Remark*	*SPGC Decision*
01	13104172	Bhavna Rathore	EE	PhD	NOC provided. Supervisor & DPGC have recommended and forwarded.	Conversion to Part-Time approved

Item 4 Items Requiring SPGC Recommendations for Consideration of Chairperson Senate / Senate

The SPGC considered the various items and makes recommendations as noted

(a) To consider the recommendations of the sub-committee on apparent anomalies/ambiguities in the PG Manual.

The subcommittee recommendations have been duly deliberated by the SPGC. Details of the proposal can be seen in Annexure-1.

5 Policy matters requiring detailed discussions.

(a) To consider the proposal for provision of Paternity Leave and enhancement of duration of Maternity Leave from 90 days to 180 days.

The SPGC recommends adoption of a new paternity leave clause and a revised maternity leave clause for PG students. These recommendations are in line with extant revised norms for Government of India staff, including our faculty and staff. Details of the proposal can be seen in Annexure-2.

(b) To discuss on enabling Clause 'Direct Post-Graduate Admission Offers after competitive examination results'.

The SPGC, after due deliberation, is recommending an enabling clause that would allow departments/IDPs to make admission offers to their PG programs immediately post declaration of results for reputed PG admission competitive examination results such as GATE, NET etc. The primary motivation is to improve the quality of student intake via early offers. Details of the proposal can be seen in Annexure-3

(c) To consider the proposal for 'Thesis Pre-Processing Towards Maintaining Academic Standards'.

The SPGC has deliberated at length on maintaining thesis standards, particularly in light of concerns on originality / plagiarism, non-technical aspects such as a professional get-up (formatting etc) as well as proper thesis revision in response to external review. The relevant SPGC proposal can be seen in Annexure-4. The proposal is recommended for consideration of the Senate. Portions that do not require the Senate approval should be implemented.

(d) To discuss 'Thesis external evaluation procedure revise'.

The SPGC has reviewed the time taken in completing the external review of PhD theses for degrees conferred in the Convocation this year. With more than 35% of the theses requiring above four months for external review completion, the SPGC is of the view that such a long lag-time is not desirable in today's times. The SPGC further

deliberated on ways and means for speeding up the review process. It recommends automation as well as tweaking the current external review process. The relevant recommended proposal can be seen in Annexure-5.

6 Any other item with the permission of the Chair.

(a) Inclusion of co-supervisor outside IIT Kanpur

SNo	*Roll No*	*Name*	*Dept*	*Prog*	*Remark*	*SPGC Recommendation*
01	15104263	Atanu Samanta	EE	PhD	Dr Tanaya Guha, University of Warwick, UK. Supervisor and DPGC have recommended.	Recommended

The meeting ended with a vote of thanks to the Chair.

(Nitin Kaistha)
Chairperson, SPGC

Copy to: 1. All Members of SPGC
2. Chairman, Senate
3. Senate Coordinator, Prof. Ishan Sharma, ME

Summary of ambiguities in various clauses of the PG Manual

S. No.	Clause	Existing	Ambiguity Addressing Recommendation	Remark
1	1.1.1, 2.3.1 and 7.8.2	Programme leading to the Diploma of the Institute (D.IIT.) in certain specified areas of engineering.	The D.IIT program should be removed as it is no longer running.	
2	1.1.3	**Programme leading to the Master of Design (M.Des.) degree.**	Remove bold font	
3	1.1.4	**Programme leading to the Master of Business Administration (MBA) degree.**		
4	1.1.5	Programmes leading to the Master of Science (M.S.) by Research degree in Chemical Engineering, Civil Engineering, Computer Science & Engineering, Electrical Engineering, Environmental Engineering and Management, Mechanical Engineering, Photonics Science and Engineering.	Add Cognitive Science and Aerospace Engineering	
5	1.1.6	Programmes leading to the Doctor of Philosophy (Ph.D.) degree in Aerospace Engineering, Biological Sciences and Bio-Engineering, Chemistry, Chemical Engineering, Civil Engineering, Computer Science and Engineering, Design, Earth Sciences, Electrical Engineering, Humanities and Social Sciences (**Economics**, English, Philosophy, Psychology and Sociology), Industrial and Management Engineering, Materials Science and Engineering, Materials Science, Mathematics (including Statistics), Mechanical Engineering, Nuclear Engineering and Technology, Photonics Science and Engineering, and Physics. …….	Add "Fine Arts" after English and write "Economic Sciences" after "Earth Sciences" and include Cognitive Science after Civil Engineering. Remove Economics from Humanities and Social Sciences.	
6	**2.1. Academic Session**	The academic session of the Institute is divided into three parts: two regular semesters and	Change "last week of December" to "first week of January"	

		a summer term. The first semester will normally commence in the last week of July every year, and the second in the **last week of December**. The summer term will run from the middle of May to the middle of July.		
7	**2.3.3**	The applicant must have a bachelor's degree in engineering or science (4-year program) or a master's degree in science with marks/CPI not below the specified minimum for admission into M.S. by Research in Chemical Engineering, Civil Engineering, Computer Science & Engineering and Photonics Science and Engineering. The applicant must have a bachelor's degree in engineering or science (4 year program) with marks/CPI not below the specified minimum for admission into M.S. by Research in Electrical Engineering, and Mechanical Engineering. Applicants with B.Sc. (3-year) or equivalent with a minimum of 75% marks/7.5 CPI may also be considered for admission into M.S. by Research in Computer Science & Engineering and Photonics Science and Engineering.	The following division in the paragraph for better clarity is suggested (i) Aerospace, Chemical and Civil Engineering: The applicant must have a bachelor's degree in engineering/technology or science (4 year program) or a master's degree in science with marks/CPI not below the specified minimum ***(please refer to 2.3.b)*** for admission into MS (By Research). (ii) Computer Science and Engineering and Photonic Science and engineering: The applicant must have a bachelor's degree in engineering/technology or science (4 year program) or a master's degree in science with marks/CPI not below the specified minimum ***(please refer to 2.3.b)*** for admission into MS (By Research). Applicants with B.Sc. (3-year) or equivalent with a minimum of 75% marks/7.5 CPI may also be considered for admission into MS (By Research) (iii) Electrical and Mechanical : The applicant must have a bachelor's degree in engineering/technology or science (4 year program) with marks/CPI not below the specified minimum ***(please refer to 2.3.b)*** for admission into MS (By Research). (iv) Cognitive Science (MS 2Yr): B.Tech/BE (any branch), BS - 4year program (Physics/ Chemistry/ Mathematics/ Statistics/Biosciences/ related sciences), MBBS. An applicant must have a minimum of 60% or 6.0/10 in the qualifying degree. Or MA/M.Sc/equivalent degree (Psychology/Linguistics/	

			Philosophy/ Anthropology/ Physics/ Chemistry/Mathematics/ Statistics/ Biosciences/ Computer Science/ related disciplines) with a minimum of 60% or 6.0/10 (grade point average) in the qualifying degree. (v) Cognitive Science (MS 3Yr): 3-year BA/B.Sc/equivalent degree in (Psychology/ Linguistics/ Philosophy/ Anthropology/ Phy/ Chem/ Math/ Stat/ Biosciences/ Computer Science/ related disciplines) with a minimum of 60% or 6.0/10 in the qualifying degree.	
8	**2.3.6. Ph.D. in Engineering**	The applicant must have a master's degree in engineering with marks/CPI not below the specified minimum. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI…….	The applicant must have a master's degree in engineering with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI.	
9	**2.3.7. Ph.D. in Sciences**	The applicant must have a master's degree in the relevant subject or a bachelor's degree in engineering or science (4 year program) with marks/CPI not below the specified minimum.	The applicant must have a master's degree in the relevant subject or a bachelor's degree in engineering or science (4 year program) with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***.	
10	**2.3.8. Ph.D. in Humanities and Social Sciences (HSS)**	The applicant must have a master's degree in relevant subject or master degree in engineering / technology with marks/CPI not below the specified minimum. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI……	**2.3.8 Ph.D. in Cognitive Science** MA/M.Sc/M.Phil/MS/equivalent degree (Cognitive Science/ Psychology/ Linguistics/Philosophy/ Anthropology/ Physics/ Chemistry/ Mathematics/ Statistics/ Biosciences/ related disciplines) with a minimum of 60% or 6.0/10 (grade point average) in the qualifying degree. Should have a valid score/qualification in GATE/ CSIR/ JRF/ NET/other equivalent exam. Applicants from IITs with a grade point average of 8.0/10 (or equivalent) are exempted from the GATE/ CSIR/ JRF/ NET requirement. Or	Cognitive Science, Economic Sciences have been added. All Departments are arranged in alphabetical order (2.3.8 – 2.3.12)

			M.Tech/ME/MD (any branch) with a minimum of 60% or 6.0/10 (grade point average) in the qualifying degree. Or B.Tech/BE (any branch), BS - 4year program (Physics/ Chem/ Math/ Stat/Biosciences/ related sciences), MBBS. Applicant must have a minimum of 75% or 7.5/10 in the qualifying degree. Should have a valid score/qualification in GATE/CSIR/JRF/NET/other equivalent exam. Applicants from CFTIs (centrally funded technical institutions) with a grade point average of 7.5/10 (or equivalent) and those with an MSc degree in Cognitive Science or an MBBS degree are exempted from the GATE/ CSIR/ JRF/NET requirement.	
11	**2.3.9. Ph.D. in Management**	The applicant must have a master's degree in management or relevant disciplines in engineering / technology with marks / CPI not below the specified minimum. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI…….	**2.3.9 Ph.D. in Design** The applicant must have a master's degree in engineering/design with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. Those applicants may also be considered who have a bachelor's degree in engineering/design/architecture or science (4 year program) with a minimum of 75 percent marks/7.5 CPI.	
12			**2.3.10 Ph.D. in Economic Sciences** i) A master's degree in economics or a bachelor's degree in engineering or science (4 year programme) or a master's degree in sciences or in an allied field of economics with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. (ii) The candidate either must have a valid GATE score or must have qualified JRF/NET. The requirement of GATE/JRF/NET is waived for candidates having a master's degree in science/arts from IITs with a minimum CPI of 8.0.	Pending approval from SPGC

13			**2.3.11 Ph.D. in Humanities and Social Sciences** The applicant must have a master's degree in relevant subject or master degree in engineering/technology with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI……	
14			**2.3.12. Ph.D. in Management** The applicant must have a master's degree in management or relevant disciplines in engineering / technology with marks / CPI not below the specified minimum ***(please refer to 2.3.b)***. Those applicants may also be considered who have a bachelor's degree in engineering or science (4 year program) with a minimum of 75 percent marks/7.5 CPI***)***…….	
15	2.4.6	Admission to the Ph.D. programmes will be based on written tests and/or interviews of the candidates shortlisted by the DPGC of the department concerned. A valid GATE/CEED score is required for the candidates with bachelor's degree in engineering/design/architecture, except in the case of candidates with bachelor's degree in engineering from the centrally funded technical institutes (CFTIs). The candidates with master's degree in science/arts/commerce must either have a valid GATE/CEED/ CAT/GMAT score or must have qualified for/in JRF/NET. For admission to the Ph.D. programmes in sciences and HSS, the candidates from any background either must have a valid GATE score or must have qualified JRF (NET in the case	Candidates from CFTIs can be put under a separate paragraph of 2.4.6 "(i) GATE score is not required for candidates having a bachelors degree in engineering with CPI 7.5/75% or above. (ii) Candidates having a masters degree in science/arts from IITs and having minimum CPI of 8.0 do not need a GATE score. (iii) MSc degree in Cognitive Science or an MBBS degree are exempted from the GATE/ CSIR/ JRF/NET requirement." **All the admission procedures should be put in the form of a table for clarity in Appendix-A.**	Reference to Appendix A can be added as a footnote in the beginning of clause 2.3 under eligibility criteria.

		of Ph.D. programmes in HSS), unless the candidates have a master's degree in science/arts from IITs with a minimum CPI of 8.0.		
16	4.3.4.	Notwithstanding the provisions of 4.3.1, **a semester load** is defined as equivalent of 55 credits for an MBA student. For a well-merited case, the SPGC may permit a student to register for a minimum of 36 credits.	Add the word "maximum" before semester	
17	4.8	**Change of Registration from Full-Time to Part-Time Ph.D. Programme** 4.8.1. A student admitted to a full-time Ph.D. programme may be permitted to change to a part-time Ph.D. programme. A student requesting such a conversion must: i) have completed the coursework, passed the comprehensive examination, given the "State of Art" seminar which is adjudged as satisfactory. ii) get the request endorsed by the supervisor(s) and the DPGC, iii) produce a "No Objection" Certificate from the Head of the institution/organisation, which he/she proposes to join. 4.8.2. Such conversion, if approved by the SPGC, will be subject to the following conditions: i) The student must complete his/her thesis within 7 years counted from the date of his/her first registration in the programme, ii) provision of conversion from full-time to part-time status can be availed of only once by the student during his/her programme, and iii) the status of the student will be reviewed by the supervisor and the DPGC at least once every two semesters after the conversion, and his/her continuation on part-time status will be subject to his/her making	**Change of Registration from Full-Time to Part-Time in M.Tech./M Des/MS (By Research)/Ph.D. Programmes** 4.8.1. A student admitted to a full-time M.Tech. / M.Des / MS (By Research) / Ph.D. programme may be permitted to change to a part-time M.Tech. / M.Des / MS (By Research) / Ph.D. programme. A student requesting such a conversion must have (i) completed the coursework, passed the comprehensive examination (not applicable to M.Tech. / M.Des / MS (By Research), given the "State of Art" seminar which is adjudged as satisfactory (not applicable to M.Tech. / M.Des / MS (By Research). (ii) got the request endorsed by the supervisor(s) and the DPGC, 4.8.2 student who wishes to convert his/her M.Tech. / M.Des / MS (By Research) / Ph.D. programme from Full-time to Part-time on account of a job offer (i) may be granted leave up to one semester, to be extended by one more semester, if required, to join the job if he/she satisfies conditions (i) and (ii) under 4.8.1. (ii) is required to produce a No Objection Certificate from the Head of the institution, which he/she has joined. In case the 'No Objection Certificate' is not submitted by the end of the period of leave, the student is required to rejoin the Institute, or else withdraw from his/her M.Tech. /	The modified clause has already been approved by Senate and should be incorporated in the PG manual.

		satisfactory progress towards completing the Ph.D. thesis.	M.Des / MS (By Research) / Ph.D. programme. 4.8.3. Such conversion from full-time to part-time, if approved by the SPGC, will be subject to the following conditions: (i) The student must complete his/her thesis within 7 years / 4 years (for M.Tech. / M.Des / MS (By Research)) counted from the date of his/her first registration in the programme, (ii) provision of conversion from full-time to part-time status can be availed of only once by the student during his/her programme, and (iii) the status of the student will be reviewed by the supervisor and the DPGC at least once every two semesters after the conversion, and his/her continuation on part-time status will be subject to his/her making satisfactory progress towards completing the M.Tech. / M.Des / MS (By Research) / Ph.D. thesis.	
18	5	5.1.1 A postgraduate student may take a maximum of 30 days of personal leave in an academic year (including winter break and mid-semester breaks) such that no more than 10 days of leave are taken during a semester. However, this 10-day cap will not be enforced when semesters are not in progress and during the summer term. Leave not availed in one academic year may be carried over to the next academic year up to a maximum of 15 days. 5.1.2. In addition, a student may be allowed casual leave for up to 6 days during a semester and 4 days during the summer term. The casual leave cannot be carried over. 5.1.3. There will be no loss of financial assistantship for students going on personal or casual leave.	Include as 5.1.4, provide two examples one for personal leave and the other for casual leave in case of weekends or gazetted holidays falling within the period of the leave. Personal leave: Suppose, if a student applies for personal leave from Friday to Monday, then Saturday and Sunday will be counted in the leave period, i.e, a total of four days will be counted as leave. Casual Leave: Suppose, if a student applies for casual leave from Friday to Monday, then Saturday and Sunday will not be counted in the leave period, i.e, a total of two days will be counted as leave.	
19	7.7.7	The DPGC will keep a watch on the progress of every student and whenever a student fails to meet the requirements, will	Include as 7.7.8, the procedure for appealing as well as re-appealing after a student is terminated from her/his program.	

		intimate the SPGC. If a student's programme is terminated, the Head of the Department will issue the letter of termination.	The students may also be informed that appeals, if any, should be addressed to Chairman, Senate, IIT Kanpur. Appeal should be neatly written or typed on A4-size paper. Student may be asked to submit one set of appeal directly to DPGC, Convener and four sets of appeals along with all supporting documents to the Postgraduate Office, latest by the prescribed date & time mentioned in the order. If the student is sending his/her appeal by post, it is his/her responsibility to ensure that appeals are delivered before the deadline mentioned. **Re-appeal:** If a student's appeal is turned down by the Senate, the student may re-appeal after a gap of a few (typically 3 or 4) months. The reappeal needs to be justified with valid reasons/documents. The Admittance Committee can consider the re-appeal, and upon acceptance, the due procedure for further processing of re-appeal begins.	
20		8. Comprehensive Examination of PhD Student	Title should be renamed as "Academic Requirements after completion of the Ph.D course work", and the following sequence be followed. 8.1 : Comprehensive examination *Include new:* 8.2 : Candidacy for the Ph.D degree 8.3 : State of the art seminar 8.4 : Open seminar	
21		Add a new clause regarding Doctoral Monitoring Committee as 11.2	11.2 Doctoral Monitoring Committee (DMC) (i) Guidelines for the formation of the committee (ii) Frequency of the meeting (iii) The same committee may be recommended till the completion of the degree	
22	11.3.1.2.	The committee shall consist of the thesis supervisor(s)/ programme coordinator and at least two but not more than four other members, **one of who**	"one of whom" instead of "one of who"	

		should belong to a department/IDP other than the student's department/IDP. The thesis supervisor/programme coordinator will act as the Convener of the Committee.		
23	11.3.2.2.	…….The committee shall consist of the thesis supervisor(s)/ programme coordinator and at least two but not more than four other members, **one of who** should belong to a department/IDP other than the student's department/IDP. The thesis supervisor/programme coordinator will act as the Convener of the Committee.	"one of whom" instead of "one of who"	
24	11.5.1.1	The oral examination will be conducted within four months from the date of submission of the thesis/project…….	Add a note at the end of the paragraph saying that the clause is not applicable for programs in which thesis is sent for external review.	
25	New clause to be given	**Award of M.Tech./MS (By Research) degree with PhD degree to those students who are admitted to PhD program directly after a B.Tech./BS(4Yr)/M.Sc. degree:**	1. The minimum total credit requirement will be 216 (the same as for PhD after B.Tech/BS/M.Sc). 2. The minimum number of thesis credits will be the sum of minimum number of thesis credits of M.Tech.(63) and PhD (72), equaling 135. 3. The minimum number of course credits should be the maximum (CI, C2) where C1 is the course credits required for M. Tech. and C2 is the course credits required for PhD after B.Tech/BS/M.Sc. This number varies between 36 and 90 depending on the department. 4. The student will have the option to either submit M.Tech. thesis or credit an additional number of courses, in consultation with thesis supervisor and on the recommendation of the DPGC of the Department/IDP. The additional number of courses to be done in lieu of M Tech thesis would be for a minimum of 63 credits. The minimum number of thesis credits in	This is a new clause approved by the Senate and needs to be included in the PG manual. **(11.6)** **Templates are provided in Appendix - B**

			such cases will be 72 (instead of 135). 5. If the M.Tech thesis option is exercised the defense of the thesis should take place at least six months from the open seminar.	

Appendix – A

Programme	Offered by the Department/ Interdisciplinary Programme (IDP)	Eligibility Criteria
Master of Technology (M. Tech.)	Aerospace Engineering, Biological Sciences & Bioengineering, Chemical Engineering, Civil Engineering, Computer Science & Engineering, Earth Sciences, Electrical Engineering, Industrial & Management Engineering, Materials Science & Engineering, Materials Science (Interdisciplinary Programme), Mechanical Engineering, Photonics Science & Engineering (Interdisciplinary Programme).	**(i)** A bachelor's degree in engineering or science (4 year programme) or a master's degree in science with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **(ii)** A valid GATE score is required for admission to the M.Tech. programme in the case of regular (non-sponsored) candidates. The requirement of GATE score is waived off for the candidates with the B.Tech/B.S (Four Year) degree from IITs with a minimum overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years in B.Tech/B.S (Four Year).
Master of Design (M. Des.)	Design Programme (Interdisciplinary Programme)	**(i)** A bachelor's degree in engineering or science (4 year programme), design or architecture with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. Candidates holding degrees in Fine Arts or Interior Design are not eligible to apply. **(ii)** A valid GATE/CEED score is required for admission to the M.Des. programme in the case of regular (non-sponsored) candidates. The requirement of GATE score is waived off for the candidates with B.Tech. graduates from IITs with a minimum overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years in B.Tech.
MS (By Research)	Aerospace Engineering, Chemical Engineering, Civil Engineering, Cognitive Science (Interdisciplinary Programme), Computer Science & Engineering, Electrical Engineering, Mechanical Engineering, Photonics Science & Engineering (Interdisciplinary Programme)	**(i) MS (By Research) 2 Years Programme: For Aerospace Engineering, Chemical Engineering, Civil Engineering, Computer Science & Engineering and Photonics Science & Engineering::** Applicants must have a Bachelor's degree in engineering or science (4 year programme) or a Master's degree in science with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **For Electrical Engineering & Mechanical Engineering:** Applicants must have a bachelor's degree in engineering or science (4 year programme) with

		marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **For Cognitive Science:** Applicants must have a: (i) B.Tech/BE (any branch), BS - 4year program (Physics/ Chemistry/ Mathematics/ Statistics/Biosciences/ related sciences), MBBS. An applicant must have a minimum of 60%/6.0 marks/CPI in the qualifying degree. All regular applicants must have a valid score/qualification in GATE/ CSIR/ JRF/ NET/other equivalent exam. Applicants with B.Tech from IITs with an overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years and those with an MBBS degree are exempted from the GATE/ CSIR/ JRF/ NET requirement; or, (ii) MA/M.Sc/equivalent degree (Psychology/ Linguistics/ Philosophy/ Anthropology/ Physics/ Chemistry/Mathematics/ Statistics/ Biosciences/ Cognitive Science/ related disciplines) with a minimum of 60%/6.0 marks/CPI in the qualifying degree. An applicant must have a valid score/qualification in GATE/CSIR/ JRF/ NET/other equivalent exam. Applicants from IITs with a minimum CPI of 8.0 and those with an MBBS degree are exempted from the GATE/ CSIR/JRF/ NET requirement. **MS (By Research) 3 Years Programme: For Computer Science & Engineering and Photonics Science & Engineering:** Applicants with B.Sc. (3-year) or equivalent with a minimum of 75%/7.5 marks/CPI may also be considered. **For Cognitive Science:** Applicants with 3-year BA/B.Sc/equivalent degree in (Psychology/ Linguistics/ Philosophy/ Anthropology/ Physics/Chemistry/ Mathematics/ Statistics/ Biosciences/ Cognitive Science/ related disciplines) with a minimum of 60%/6.0 marks/CPI in the qualifying degree may also be considered. **(ii)** A valid GATE (GATE/ CSIR/ JRF/ NET/other equivalent exam in case of Cognitive Science programme) score is required for admission to the MS (Research) programme in the case of regular candidates (non-sponsored/non-project candidates). The requirement of GATE (GATE/ CSIR/ JRF/ NET/other equivalent exam in case of Cognitive Science programme) score is waived for the B.Tech/B.S (Four Years) graduates from IITs with a minimum overall CPI of 6.5 and a minimum CPI of 8.0 in the last two years in B.Tech/B.S (Four Year).
Ph.D. in Engineering	Aerospace Engineering, Biological Sciences and Bioengineering, Chemical Engineering, Civil Engineering, Computer Science &	**(i)** A master's degree in engineering with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **or**

	Engineering, Electrical Engineering, Industrial & Management Engineering, Materials Science and Engineering, Materials Science (Interdisciplinary Programme), Mechanical Engineering, Photonics Science & Engineering (Interdisciplinary Programme)	a bachelor's degree in engineering or science (4 year programme) with a minimum of 75 percent marks/7.5 CPI and a valid GATE score (the requirement of GATE score is waived for candidates with bachelor's degree in engineering from the centrally funded technical institutes (CFTIs)). **or** a master's degree in science or an allied area while satisfying each of the following three criteria: (a) a minimum of 65 percent marks/6.5 CPI in the master's degree, (b) first division in bachelor's degree, and (c) JRF/95 percentile or higher in GATE score. For admission into Ph.D. in Biological Sciences and Bioengineering, applicants having master's degree in pharmacy/medicine/veterinary science with marks/CPI not below the specified minimum***(please refer to 2.3.b)***, or bachelor's degree in pharmacy/medicine/veterinary science with a minimum of 75 percent marks/7.5 CPI, may also be considered. For admission into Ph.D. in Computer Science and Engineering, applicants with master in computer applications while satisfying each of the above criteria in (a), (b) and (c) may also be considered. **(ii)** A valid GATE score is required for the candidates with a bachelor's degree in Engineering/Design/Architecture, except in the case of candidates with bachelor's degree in Engineering from the centrally funded Technical Institutes (CFTIs). The candidates with master's degree in science must either have a valid GATE score or must have qualified for/in JRF/NET.
Ph.D. in Sciences	Chemistry, Earth Sciences, Sciences, Mathematics & Statistics, Physics	**(i)** A master's degree in the relevant subject or a bachelor's degree in engineering or science (4 year programme) with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **(ii)** The candidate either must have a valid GATE score or must have qualified JRF. The requirement of GATE/JRF is waived for candidates having a master's degree in science from IITs with a minimum CPI of 8.0.
Ph.D. in Cognitive Science	Cognitive Science	Applicants must have a MA/M.Sc/M.Phil/MS/equivalent degree (Cognitive Science/ Psychology/ Linguistics/Philosophy/ Anthropology/ Physics/ Chemistry/ Mathematics/ Statistics/ Biosciences/ related disciplines) with a minimum of 60%/6.0 marks/CPI in the qualifying degree. Applicants should have a valid score/qualification in GATE/ CSIR/ JRF/ NET/other equivalent exam. Applicants from IITs with a minimum CPI of 8.0 are exempted from the GATE/ CSIR/ JRF/ NET requirement. Applicants with M. Sc. in Cognitive

		Science are also exempted from the GATE/CSIR/JRF/NET requirement. or M.Tech/ME/MD (any branch) with a minimum of 60%/6.0 marks/CPI in the qualifying degree. or B.Tech/BE (any branch), BS - 4year program (Physics/ Chemistry/ Mathematics/ Statistics/Biosciences/ related sciences), MBBS. Applicant must have a minimum of 75%/7.5 marks/CPI in the qualifying degree. Should have a valid score/qualification in GATE/CSIR/JRF/NET/other equivalent exam. Applicants from CFTIs (centrally funded technical institutions) with a minimum CPI of 7.5 and those with an MBBS degree are exempted from the GATE/ CSIR/ JRF/NET requirement.
Ph.D. in Design	Design Programme	**(i)** A master's degree in engineering/design with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **or** a bachelor's degree in engineering/design(4yr)/architecture or science (4 year programme) with a minimum of 75 percent marks/7.5 CPI and a valid GATE/CEED score (the requirement of GATE/CEED score is waived for candidates with bachelor's degree in engineering from the centrally funded technical institutes (CFTIs)). **or** a master's degree in science or an allied area while satisfying each of the following three criteria: (a) a minimum of 65 percent marks/6.5 CPI in the master's degree, (b) first division in bachelor's degree, and (c) JRF/95 percentile or higher in GATE/CEED. **(ii)** A valid GATE/CEED score is required for the candidates with a bachelor's degree in Engineering/Design/Architecture, except in the case of candidates with bachelor's degree in Engineering from the centrally funded Technical Institutes (CFTIs).
Ph.D. in Economic Sciences	Dept. of Economic Sciences	i) A master's degree in economics or a bachelor's degree in engineering or science (4 year programme) or a master's degree in sciences or in an allied field of economics with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. (ii) The candidate either must have a valid GATE score or must have qualified JRF/NET. The requirement of GATE/JRF/NET is waived for candidates having a master's degree in science/arts from IITs with a minimum CPI of 8.0.
Ph.D. in Humanities and	Humanities and Social Sciences [English (Literature, Linguistics	**(i)** A master's degree in the relevant subject or a bachelor's degree in engineering or science (4 year

Social Sciences (HSS)	& ELT), Fine Arts, Psychology & Sociology]	programme) or a master's degree in sciences or in an allied field of HSS with marks/CPI not below the specified minimum ***(please refer to 2.3.b)***. **(ii)** The candidate either must have a valid GATE score or must have qualified JRF/NET. The requirement of GATE/JRF/NET is waived for candidates having a master's degree in science/arts from IITs with a minimum CPI of 8.0.
Ph.D. in Management	Industrial & Management Engineering (all areas of Management)	**(i)** A master's degree in management or relevant disciplines in engineering / technology with marks / CPI not below the specified minimum ***(please refer to 2.3.b)***. **or** a bachelor's degree in engineering or science (4 year programme) with a minimum of 75 percent marks/7.5 CPI. **or** a master's degree in science/arts/commerce/chartered accountancy while satisfying each of the following three criteria: (a) a minimum of 65 percent marks/6.5 CPI in the master's degree, (b) first division in bachelor's degree, and (c) JRF/95 percentile or higher in GATE/CAT/GMAT/NET or any other national level examination. **(ii)** A valid GATE score is required for the candidates with a bachelor's degree in Engineering, except in the case of candidates with bachelor's degree in Engineering from the centrally funded Technical Institutes (CFTIs). The candidates with master's degree in science/arts/commerce must either have a valid GATE/CAT/GMAT score or must have qualified for/in JRF/NET.

Annexure - 2

SPGC RECOMMENDATIONS ON PG STUDENT PATERNITY / MATERNITY LEAVE

NEW PATERNITY LEAVE CLAUSE

"A male student may be granted paternity leave for a maximum of 15 working days each for up to two children. Such leave may be combined with any other leave due and shall not entail any loss of financial assistantship. The leave shall be subject to approval by Chairperson, SPGC."

REVISED MATERNITY LEAVE CLAUSE

"A female student may be granted maternity leave for a maximum of 180 days each for up to two children. Leave up to 6 weeks may also be granted for miscarriage including medical termination of pregnancy, if supported by a proper medical certificate. Such leave may be combined with any other leave due and shall not entail any loss of financial assistantship. The leave shall be subject to approval by Chairperson, SPGC. If the candidate has availed maternity leave during registration period, registration shall be permitted retrospectively."

MATERNITY LEAVE (EXISTING CLAUSE)

"A female student may be granted maternity leave for a maximum of 3 months. Leave up to 6 weeks can also be granted for miscarriage including medical termination of pregnancy, if supported by a proper medical certificate. Such leave can be combined with any other leave due and will not entail any loss of financial assistantship".

Annexure - 3

DIRECT PG ADMISSION OFFERS POST COMPETITIVE EXAMINATION RESULTS

With the intention of improving the quality of intake of Master's/PhD students, the Senate is requested to approve an enabling provision whereby, immediately post declaration of a competitive examination result (e.g. GATE, NET etc), a department/IDP can make admission offers into its PG programs to the toppers of the competitive examination(s). The idea is to catch the attention of the brightest students through an early offer. The tentative modus operandi is as follows:

- Admission committee(s) is (are) duly approved a few days before declaration of competitive examination results.
- Official merit list is obtained (e.g. from GATE Chairman) within a day of declaration of results.
- Committee recommends admission strictly in ascending order of rank in all categories.
- Number of offers is limited by the number of seats in each category. Attrition may be permitted on request. Total number of offers made must follow applicable reservation rules.
- PG10 is approved by Chairman, Senate
- Admission offer letters are sent to admitted candidates within a week of exam result declaration.
- To accept the admission, offered students are required to deposit (prorated) fee by ~April 15th (this is by the deadline for online application closure into our Master's programs). Any minor discrepancy in the actual fee payable is to be adjusted at the time of registration.
- The offer is considered as withdrawn to students who do not pay the fee by the ~April 15 deadline.
- Regular admissions to applications received against our usual advertisement are offered against vacant seats with applicable attrition

Please note that the above is only an enabling provision and departments/IDPs shall be free to invoke it at their sole discretion.

Proposed Enabling Provision:

"Immediately post declaration of results of reputed competitive examinations for admission into post-graduate programs (eg GATE, NET etc), interested departments/IDPs are permitted to admit examination toppers to their post-graduate programs, strictly in the order of ascending ranks in the examination. The number of such offers shall be limited by the number of available seats in each category with applicable attrition (if any). Total number of offers made must follow applicable reservation rules. The competitive examination should preferably be an eligibility requirement for admission into at least one of the PG programs of the department/IDP".

Annexure-4

PROPOSAL FOR ADDRESSING SPECIFIC CONCERNS ON SUBMITTED THESES

Keeping in view the ideal of maintaining the highest standards and integrity of research output from IITK, the following measures are proposed by the SPGC

1. Originality and Plagiarism Concerns

(a) The thesis should contain a signed “Declaration” by the student. The “Declaration” is provided in Annexure A.
(b) The student must submit a signed “Certificate” to be kept in the student file. The “Certificate” is provided in Annexure B
(c) Soft copy of the thesis must be subjected to a similarity check by an Institute recommended “similarity checker”. If the similarity index is above a minimum threshold, the thesis shall not be accepted for further processing. Currently, the Institute uses I-thenticate and Turnitin as similarity checkers.

2. Professional Thesis Getup

(a) The thesis must follow the Institute recommended formatting guidelines, with particular adherence to consistency across the entire thesis. Items requiring particular attention are noted in Annexure C.
(b) The thesis is readable with reasonable English usage (eg acceptable "grammarly" and "spell check" reports).

3. Revising thesis in light of external referee reports

(a) In addition to a “response to referee comments”, a soft copy of the revised thesis clearly highlighting the revisions incorporated (eg in different font color such as blue) must be provided. This highlighted revised thesis soft copy shall be made available to the oral board examiners as well as external referee for a Category III report, for their reference. This is in addition to the current practice for providing the “response to referee comments”.

To ensure effective implementation of items 1(c), 2 and 3 above, a “thesis processing cell” may be constituted in PG office with stipulated maximum time limits on the different processing steps.

ANNEXURE A

Proposed signed declaration to be part of thesis

Declaration

This is to certify that the research presented in this thesis entitled "…", has been performed by me under the supervision of …. To the best of my knowledge, the thesis is an original work and does not plagiarize any material without due acknowledgement and citation, as per established ethical norms.

John Doe
PhD/Master's Scholar
Department of …
Indian Institute of Technology Kanpur
Kanpur 208016

ANNEXURE B

Proposed signed certificate for student file, to be submitted with thesis

Certificate

This is to certify that

1. The research work presented in the thesis entitled "…." has been conducted by me under the guidance by my supervisor(s) …….
2. All collaborations and critiques that have contributed to giving the thesis its final shape are duly acknowledged.
3. The content of the thesis (text, illustrations, data, plots, pictures etc.) is original and the result of my research work. Any relevant material taken from the open literature has been referred and cited, as per established ethical norms and practices.
4. Care has been taken to give due credit to the prior-art for the thesis research area.
5. I fully understand that in case the thesis is found to be unoriginal or plagiarized, the Institute reserves the right to withdraw the thesis from its archive and also revoke the associated degree conferred. Additionally, the Institute also reserves the right to apprise the matter to all concerned sections of society for their information and necessary action (if any).

John Doe
PhD/Master's Scholar
Roll No

Indian Institute of Technology Kanpur
Kanpur 208016

ANNEXURE C

For the thesis to be accepted for further processing, it must follow the thesis formatting guidelines available at http://iitk.ac.in/doaa/data/thesisguide.pdf. These guidelines are very flexible and allow a variety of styles as per the taste and choice of the author. Attention should be particularly paid to (only an indicative list):

Proper Ordering of Items

Front page, certificate, synopsis, Acknowledgements, Table of Contents, List of Figures, List of Tables, Body of thesis, Vita etc.

Consistency of style and formatting throughout the thesis

This includes but is not limited to, fonts, headings and subheadings, margins, line spacing, formatting of Tables and Figures, footnotes (consistently at page bottom or at end of chapter), proper pagination, references (consistent style of referencing, citation format, at the end of thesis or at the end of each self-contained chapter etc)

Quality of Figures

The Figure resolution should be good e.g. at least 200 dpi with 256 grayscales for monochrome images and at least 24 bits per pixel for color images. Figure quality should be such that it is easily viewable and readable (avoid very small fonts etc).

REDUCING THE THESIS EXTERNAL REVIEW PROCESS COMPLETION TIME

Background

The reviewed data clearly shows that:

- More than 35% theses take above 4 months for external review completion.
- The average response time of foreign referees is 20+ days less than the Indian referee.
- If only two reviews were required, the average external review completion time will be more than a month lower (79 days for 2 reviews vs 116 days for 3 reviews)

SPGC View

The SPGC is of the firm view that when journals have moved from 3-6 months manuscript review period~15 years ago, to 3-6 weeks today, it is not healthy for IITK to have a thesis external review average lag time of ~4 months.

Recommendation

With a view to significantly reducing the lag time, the SPGC suggests that:

- An automated online thesis review portal be developed on priority with automated reminders to the reviewers. In the interim, a stop-gap automated arrangement should be put in place.
- Revise the external thesis review process so that in case the first two received reports are positive (not category III), the referee whose report is awaited is given 2 weeks to submit the review (assuming s/he is past the deadline). If the referee still does not respond, the thesis processing need not be further delayed and the thesis defence may proceed armed with the two positive reviews.

The detailed revised step-by-step thesis external review process is as below:

1. The three referees are approached, as we do now.
2. At the time of approaching the referees, they are gently intimated that they may be requested to serve on the PhD thesis oral board with due remuneration and that by consenting to review the thesis, they are also expressing their willingness to serve on the oral board. Referees from abroad will also be intimated that their participation in the oral board examination, should they be requested, shall be over video conferencing only.
3. In case the first two referee reports are positive (i.e. not category III) and both reports are from abroad, then the higher priority referee (as per Chairman, Senate's original prioritization) is requested to join the thesis oral examination board. In case one of the reports is from within India, the Indian examiner is requested to serve on the oral board.
4. Concurrently, the remaining third referee is given a final deadline to submit the review. This deadline shall be two weeks from the receipt of the second report or the originally conveyed deadline, whichever is later. The polite reminder shall clearly specify that the given deadline is final and in case we do not hear from him/her, we shall assume that s/he is not in a position to review the thesis and proceed further with the processing of the thesis.
5. One week before the deadline, a final reminder is sent to the referee whose review is awaited.
6. In case referee does not submit review by the final deadline, a very polite message is sent to him/her saying that while we appreciate the time and energy that may have been spent in reviewing the thesis, in the interest of time, it shall not be possible for us to wait further for his/her review. We hope he would be willing to oblige us with a timely review the next time.
7. Armed with two positive (non category III) referee reports and respective student responses, the process for thesis oral defence is initiated by the thesis supervisor.
