1	Discussion regarding increase in MTech and PhD intakes per academic year per department (special invitee – ADAA)	ADAA apprised the members present in the meeting of the process and necessary approvals to be taken to increase the MTech and PhD intakes per academic year per department. After discussion, the following was observed/ recommended: 1. A department, who wishes to increase the PG students' intake per acad year per dept, can initially start working on the process for PhDs only due to the ongoing hostel accommodation crunch. The same process for increase in MTech intakes can be initiated later. 2. Given the current hostel accommodation crunch, which has limited the PG admission seats per dept for 2023-24 Sem II, it was discussed that the DPGCs follow up with the respective HODs so that the hostel accommodation issue is taken up in Head's Group meeting and/or

		appropriate forum. Also, it was noted from the data shared by ADAA that DoMS (earlier IME) had a MBA intake of 157, against approved seats of 97, in the July 2023. This has also had an effect on the max. PG admission seats per dept. for 2023-24 Sem II. Without this overfill, each dept. would have had an increase in max PG admission seats for 2023-24 Sem II. As MBA is a 2 year programme, it was recommended that DoMS should have reduced MBA intakes (around 70) in the coming July 2024 cycle of admission (AY:2024-25) so that the overfill is compensated. DPGC DoMS will confirm the same (number of MBA intakes) before initiating the MBA admission process for July- 2024 cycle (AY: 2024-25). 3. Given the decrease in number of new PhD registrations, it was discussed that the PhD admission process for July-2024 cycle (AY: 2024-25) may be done twice. ADAA will work on the logistics of the process and discuss about the feasibility in the upcoming SPGC meeting.
2	Thesis submission extension beyond maximum permissible limit (6+3) months of ANJU MISHRA-13207064-PhD-CHM	Anju Mishra (13207064) should give a fresh open seminar before submitting the PhD thesis, as the maximum permissible time (6 + 3 = 9 months) has passed by after her last open seminar.
