One member raised the issue of multiple PG-10s which had to be filled this time for admission to the M Tech program while operating under the COAP protocol. Following a brief discussion, the Chairman was requested to convey the concern of the SPGC on the confusion and difficulties caused this year to the Dean of Academic Affairs, and impress the need to streamline the process. Some members also highlighted the need to relook at the template of the present PG 10 and its utility.
